Notice to Individuals, Agents, Actors, Officers, Public Servants, Corporate Fictional Entities, in all of the Fictitious, Franchises, Federal, State, County, and City, Municipalities, Corporations, and Fictional Jurisdictions, wherein you enforce under color of law, the Statutes, Ordinances, Corporate Bylaws, Rules, and Codes that make up the Fictional world called Commerce. Where nothing is as it appears. Everything is a fiction, fraud, trick, lie, word game, or deception. Everything here exists in plain view but yet goes unseen, as well as unacknowledged to most. This land of fiction is full of Presumptions, which usually involve Contracts that seem to operate everywhere in every aspect of the realm in which we exist which is fueled by, and relies on Commerce. Everywhere, around you lurks, lies, tricks, traps, word, language, and name deceptions as well as Hidden Adhesion Contracts that self-execute without the average person even being aware of the fact that they are involved in such a deceptive society in which you have the powers that be trying to or either enslaving, and controlling you in some manner for their benefit. A fictional society where we use colorable law because there is no Gold, so there is no money. There is no money, so there is no Government or law. Instead we have Corporations masquerading, as governments, FOR PROFIT, legal fictions, so we had to get some fictional laws, codes, and statutes, that have no nexus, liability, jurisdiction, authority, or control, OK BUT THE GOVERNMENT IS BANKRUPT..... SO THEY MAKE UP FICTIONAL LAWS and, then fictional judiciary, court, and legal system to go with this fictional Corporation UNITED STATES is insolvent and has been since a few years after it was colonized began. A BANKRUPT legal fiction CAN NEVER EVER BE SOVEREIGN OR ACQUIRE STANDING IN LAW, OR HAVE AUTHORITY, OR JURISDICTION, Never... unless it take it by enslaving , deceiving, killing, ITS CALLED COMMERCE. LEX MERCATORIA, UCC, BABYLON, OK so they UNITED STATES IS A CORPORATION AS WELL AS THE STATES CITIES BY FRACHISES... and they are all not real...no jurisdiction....no laws....no money....no ..Jurisdiction...all 100% fictions do not and can be lawful, apply to a living person, and are not dejure or a republic. WELL ALLRIGHT then they sold all of their chattel through human resources...heh. .title on their chattel is the birth certificate. Created a corporate fictional person with the all capital letter version of your high jacked name, and they even made you take it without even realizing it. Ok now we got a fictional person flor the fictional money, and the fictional law, and the fictional government.... BUT...THEY CLAIM OWNERSHIP OF THAT TITLE AND THAT NAME IT DOESN'T HAVE A SOUL...BUT it is A US CITIZEN!! Which also made it a SLAVE. As it is trapped in the commerce, fictional, jurisdiction, of US which is a fiction. IF YOU WANT TO PLAY THAT GAME. You can't win at it...but you can chase your tail for 50 years and then die broke. In the STATE OF INSANITY INC. THE AMERICAN HALUCI-NATION. I REFUSE TO PLAY THE GAME. I AM A CHILD OF THE SOVEREIGN LORD GOD ALMIGHTY. THAT TAKES ME OUT OF ALL PRESUMED, ASSUMED, OR DECEPTIVE CONTRACTS ANY LIABILTY TO ANY FICTIONAL GOVERNMENT, STATUTE, CODE, RULE, BYLAW, OR PRETTY MUCH ALL FICTION AND ALL LIES, SLAVERY, AND CONTROL, GOD IS NOT A FICTION. Universal moral/existential truth/principles, expressed in Judaic (Mosaic) Orthodox Hebrew/Jewish Commercial Code, corollary to Exodus (chiefly Exodus 20:15-17, Exodus 21:16, Deuteronomy 24:7, 19:18-21;[18 USC §241, §242, §1951] Matthew 6:9, Sanhedrin 86a), Code of Hammurabi (14, 21). Was premature and irregular. In such a case the right of the defendant to have the judgment set aside is plain and clear. The Court acts upon an obligation; the order to set aside judgment is made *ex debito justitiae* (as a matter of right), and there are good grounds why that should be so, because the entry of judgment is a serious matter, leading to the issue of execution, and possibly to an action of trespass (tyranny, assault and kidnapping)." Factions can use power over children to suppress citizens with different demographic backgrounds. Control of the informational environment can also be used to achieve manipulation of long-term voter behavior. These efforts do not further the best interests of the children. Homogenization of families and children does not serve the long-term interest of the public. Parent and child behaviors are an important form of biodiversity. Monolithic homogenization of child health, child education, and child raising opens the door to catastrophic, pandemic dysfunctions in the coerced population.

I lawfully claim and exercise Our inalienable Creator given birthright under Almighty God in the book of the law and as the only true, and righteous authority in this realm

Anyone who interferes with our lawful activities after having been served notice of this claim of right and who fails to properly dispute or make lawful counterclaim is breaking the law, and cannot claim good faith or color of right and that such transgressions will be dealt with in a properly convened *Common Law Court de jure*. All of the participants in a Common Law Court must present their own case in all of the Court proceedings, since to allow another to "re-present" them would constitute a surrender of their natural rights and sovereignty. We can only 'present' (fact) ourself, not re-present' (fiction) ourselves. This applies both to the plaintiffs and the defendants involved in any matter before the Court.

"Procedural due process" is required before a deprivation of liberty by the government, even when the statute, regulation, or precedent represents a valid exercise of authority and is not vague or *ex post facto*. Procedural due process requires, among other things, impartial

adjudication and a fair opportunity for the accused to present a meaningful defense. *See Tumey v. Ohio*, 273 U.S. 510 (1927); *Connally v. Georgia*, 429 U.S. 245 (1977). "None shall be put to answer without due process of law; it shall be 'void in the law', and holden for error." See *Due Process of Law Act (ACT)* 1368 42 EDW 3 C 3 - SECT 1.

"If there is any truth to the old proverb that "one who is his own lawyer has a fool for a client," the Court, by its opinion today, now bestows a constitutional right on one to make a fool of himself." *Faretta v. California*, 422 U.S. 806 (1975), Blackmun dissenting.

"Every person who, under color of any statute, ordinance, regulation, custom, or usage, of any State or Territory or the District of Columbia, subjects, or causes to be subjected, any citizen of the United States or other person within the jurisdiction thereof to the deprivation of any rights, privileges, or immunities secured by the Constitution and laws, shall be liable to the party injured in an action at law, suit in equity, or other proper proceeding for redress Exchange Commission CIK#: 0000805157, state/country "*District of Columbia (DC)*, state (28 USC §3002, 14) 1601 MASSACHUSETTS AVE NW WASHINGTON DC 20036. Justice William O. Douglas - U.S. Supreme Court

"Our Bill of Rights curbs all three branches of government. It subjects all departments of government to a rule of law and sets boundaries beyond which no official may go. It emphasizes that in this country man walks with dignity and without fear that he need not grovel before an all-powerful government."

Chief Justice Latham – 1942, High Court of Australia - Uniform Tax Case, 65 CLR 373 at 408. 18 USC § 1951

"A pretended law (statute, act) made in excess of power is not and never has been a law at all. Anybody in the country is entitled to disregard it...If it is beyond power, it is void ab initio."

"No one is bound to obey an unconstitutional law, and no courts are bound to enforce it."

In the words of the chief American prosecutor at the Nuremberg Trials in 1946, Robert Jackson:

"No regime that seeks the extermination of entire groups of people generally retains written proof of their intent to commit this crime. Considering the murderous nature of their regime, there is no need, since such extermination is not considered a crime. Nevertheless, even such a system seeks to fog and dissimulate the evidence, especially during wartime ... The proof of crimes against humanity generally lies not in documents but in the witness of survivors, in mass graves, and in the implied proof of the intent to commit these crimes contained in the everyday and institutionalized laws (statutes), attitudes and norms of the murderous regime."
