SUBJECT: Military Support to Protect Myself and ADA Clients

TO WHOM IT MAY CONCERN:

This is a cover letter that I am sending to the Navy Command and Staff relating to my nephew, Noah Lopaka Smith, a sailor on the Harry S. Tuman.

Although this document is very comprehensive, I want to direct your attention to the bottom of the second page, the eight (8) action items regarding my nephew.

Margaret Sue Bozgoz, Native Hawaiian/Indigenous and ADA Advocate

Affidavit supplement of Margaret Sue Bozgoz, ADA Advocate/Native Hawaiian

Feb 24, 2024

I, Margaret Sue Bozgoz, an American/Hawaiian and ADA Advocate., I am not a corporation and do not agree to play the UNITED STATE Inc. administrative trickery games as my ADA Clients, and I are protected under my HAWAIIAN NATIONAL FLAG and as an indigenous person.

I declare under penalty of perjury and can testify that all the statements made in this document and my BITCHUTE CHANNEL See: <https://www.bitchute.com/channel/WTXWnbl8YhXG/> are factual, partly from my knowledge and partly from knowledge and belief.

The event that generated this update is because of the following:

- (1) Noah Smith, a Native Hawaiian/Indigenous Person and soldier assigned to the USS Harry S Truman, contacted me. He informed me that he and approximately 15 other soldiers were challenged with mental issues, which are on military hospital records.
- (2) Noah is having reoccurring panic attacks and is protected under the 1990 ADA and the 1973 Rehabilitation Act.
- (3) On or about 22 Feb 2024, Noah Sent Chief Evan Demme his release form stating I was his ADA Advocate
- (4) On or about 23 Feb 2024, I asked Chief Evan, cc'd COL SNOWDEN, the status of Noah's documents to leave the Navy. I also asked for ADA RA for NOAH:
 - a. Not go to the Ship on 25 February 2024
 - b. Unlimited ADA RA Sick Leave until the OSHA investigation is over and Noah is processed out of the NAVY with all medical benefits vs. being set up by his command to do jail time
 - c. That the Navy take care of the 15 sailors they are setting up.

BACKGROUND

- (5) Noah Smith informed me on or about 14 Feb 2024 that he received permission from higher (08, East Fleet Admiral) in December 2023 to be released from the military; however, his command, 06, Captain Dave Snowden, ignored his board-certified doctor's orders, silent scars, the facts and continued to violate
 - a. His Board-certified doctors' orders
 - b. The 1990 ADA Act/ 1970 Rehabilitation Act
 - c. Executive Order 13164
- (6) Noah Smith also informed me that approximately 15 other soldiers in his unit are in the same situation and need help as the command continues to ignore Executive Order 13163 and the 1990 ADA Act/1973 REHAB Act.

As an ADA Advocate and previous Commander, I know that the United States Inc. and its commanders cannot continue collecting ADA funds and denying ADA Rights. I also know commanders are required to receive annual 1990 ADA/1970 training. The question is, what went wrong here?

As of date, it is my understanding that the United States Inc., Captain Dave Snowden and CHIEF EVAN Demme have violated my client's GOD GIVEN natural rights and:

- a. 1990 ADA Act/1970 Rehabilitation Act
- b. 18 USC 241
- c. 18 USC 242
- d. 18 USC 246
- e. 18 USC 245
- f. 18 USC 249
- g. 42 USC 1983 KKK
- h. 42 USC 1985
- i. 42 USC 1986
- j. 1970 OSHA Safety Act

I added Noah Smith, the 15 other sailors, and Military Daniels as Plaintiffs in our higher court case against the United States Inc Foreign Pedo Corporation under Titles II and III of the 1990 ADA Act/1970 Rehabilitation Act (See Exhibit I, Emergency QUO WARRANTO). A Hard copy will follow.

I request the following under the 1990 ADA/1973 Rehab Act:

- (a) Noah should be separated from his command/Navy with an honorable discharge and all Medical Benefits ASAP!
- (b) Noah, do NOT GO NEAR THE SHIP, especially on 25 February 2024
- (c) Noah's command: update me [and NOAH] on all our ADA/1973 RAHAB requests.
- (d) I request an OSHA investigation against Noah's command and commanders before they Exacerbate his (and 15 other soldiers') silent scars, as I feel the management is setting NOAH and the other soldiers up to do jail time and or denying them benefits before, they leave the military (See attached Exhibits, 2- 5)
- (e) I want the command to apologize to Noah and the 15 other soldiers, as it is a matter of law that the management follows the law and their charter and protects our most valuable assets.
- (f) I request under the 1990 ADA Act/1970 Rehabilitation Act that Noah and the other soldiers be released from service as per HIS BOARD-CERTIFIED DOCTORS ORDERS AND commanders' (08) orders, which are on the GENERAL COUNSELOR's Desk!
- (g) I request a complete OSHA SAFETY INVESTIGATION, and this issue be addressed as a matter of law, health, and safety.
- (h) I request everyone involved in this crime to be released from duty and for violating their charter and oath.

(i) I request an investigation into why VA constantly denies Millie Daniels VA Benefits and why the Attorneys in Building 810 ordered GS15 Angela Kendrix and GS14 Voncelle James to go into our family's records using Robert's SSN under the name of Cindy Boyd so they can deny family, friends and associates benefits see the NATIONAL SECURITY VIOLATIONS at:

1. Exhibit 2, the USA INC ordering GS 15 Angela Kendrix and GS14 Voncelle James to go into our family's records under the name of CINDY BOYD)
2. Exhibit 3, GS14 Voncile James Confirming under an Affidavit that she stole my family's and associates' records using Robert's SSN and under the name of CINDY BOYD.
3. Exhibit 4 FOIA request showing the names of those who entered our records illegally.
4. Exhibit 5, AT&T and the VA going into our family's records over 58 times illegally.
5. Exhibit 6 Veterans Affairs Leaders and Attorneys in DC who operate in building 810 with second HQs in Florida (Judy Valois) gave me [and my father] our benefits back when we busted them for going into our records under the name of CINDY BOYD on 29 Oct 2019.
6. Exhibit 6, Cindy Boyd telling on the VA, the Attorneys in Building 810, and GS14 Voncelle James for lying on her and using her name illegally.
7. Exhibit 7, Proof that General Joe Dunford knows about the National Security Crimes.

(j) **Reference Washington State Women's Prison:**

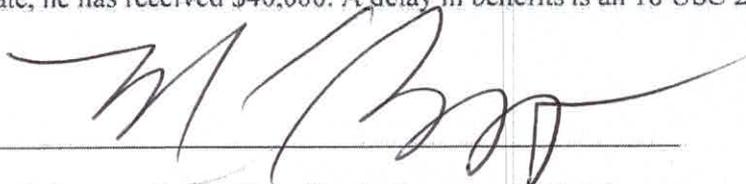

1. On or about 21 Feb 2024, Ashley Berry from the Washington State Prison Contacted me and said the Water had been contaminated. I immediately asked DOD via email to investigate as women were coming up with Cancer. My concern is what is their option if they cannot drink the water and food?
2. 23 Feb 2024 was the suspense for the Washington State Prison to give us an update and show us what we requested (**Exhibit 12**)

(k) **Reference Settlement:** We have over 200 claims/affidavits that stand as truth in commerce law locked in the Army and DOD Safe Server. We also have 16 main claims located at the District Court, Court of Appeals and the Supreme Court which need to be settled by the defendants. I was informed that my ADA Clients in DC who I helped with their cases received their settlement. When can the rest of my ADA Clients and I expect to get our settlement and benefits (See Exhibit 1, Lien).

(l) **Reference Redeeming my clients' BID BONDS.** My ADA Clients have not REDEEMED their BID BONDS. When can they expect to redeem their bid bonds that the Judges, Attorneys Clerks and Sheriff's cashed out?

(m) **Reference Benefits for Robert due to Veterans Affairs Crimes.** Robert Bozgoz was informed by the United States INC Social Security several months ago that he would

receive \$150,000 for his stroke which the United States Inc Veterans Affairs caused. As of date, he has received \$40,000. A delay in benefits is an 18 USC 246 felony.

NOTE: Reference Legal Abuse Syndrome caused by corrupt corporate United States Inc. Main complaint as an ADA ADVOCATE

*My clients constantly and repeatedly tell me that the initial betrayal or traumatic assault was only a first step toward their psychic injury. The initial trauma may have been a tough experience, but it was manageable as there was hope for justice in their minds' eyes. They could not imagine that when they turned to the court [because the court is always fair] that the pressure and stress would be exacerbated to the **point of a disability**. If the United States Inc, its corporate THIRD-PARTY CONTRACTORS, and the legal system do not address the problem and continue to cast my ADA Clients/ Litigants into further pain and complication, we are facing a serious but entirely preventable **PUBLIC HEALTH CATASTROPHE**. I REPEAT we are facing a serious but entirely preventable **PUBLIC***

HEALTH CATASTROPHE caused by foreign TRAITORS who cannot abide by their oath/Charter. Hence the reason I did a QUO WARRANTO. They are not giving us Americans what we are paying from. Instead, they violate interstate commerce while they violate GOD's Natural Universal law, which states DON'T HARM.

PTSD is commonly characterized as a psychiatric injury that occurs when a person feels simultaneously jeopardized and helpless. For example, when the stakes are high, such as (a) in child custody cases, (b) in child sex trafficking (Eileen Eddleman' Case), (c) when the judge doesn't establish SMJ (Evalani Yockman wrongful death case), (d) when in prison after a sex offender Transgender assaults you (Shaunel's case), (e) when you ask for ADA RA in court and at the WA State Correction facility and the Judges/Sherriff's Department denies it to cover up their own misdeeds (Brads and Spencer's case, ADA clients in WA State Prison), LAS can be triggered from UNITED STATE INC CORPORATE court appointees who lack sensitivity, experience, proper motivation, and responsibility or prosecutors who work for the BAR. Adding to the traumatic encounters are enforcement agencies (Hillsborough Sheriff's department), regulators (DOJ, VA Attorneys in building 810), and other official resources failing or refusing to provide Americans the services their agencies were established to provide. What bothers me the most is when the United States Inc attorneys (DOJ) know they cannot touch a case **when acceptable claims** are locked in the Army Safe Server, Hillsborough Court House, Court of Appeals, and Supreme Court and they continue to play us as fools. Traditionally, my ADA clients and litigants have had no definition of this condition and no healing or therapy protocols available, however, as their ADA Advocate, I have a solution – Exposure all the while accommodations are being sought and denied, my ADA Clients' adversaries such as the United States Veterans Affairs Attorneys in Building 810 and FI, the Judges, and the Department of Corrections characterizes my ADA Clients/disabled persons are "CRAZY" and at moments, my ADA Clients wonder if they are CRAZY and or helpless. But, they are not and it is most satisfying for me as an ADA Advocate when I can assure my ADA Clients. Once again, they are victims of the UNITED STATE INC CORPORATION corruption. My ADA Clients are not crazy it is the system and the system's well-thought-out strategic plan to cheat Americans out of life, liberty, and happiness using fraud, waste, abuse, hearsay, assumption, presumption, and subornation of perjury, not establish Subject Matter Jurisdiction, false police reports, false peace

orders the false peace orders become fake criminal charges aka administrative trickery. According to United States Inc insiders: (1) everyone is involved and (2) the United States Inc's motto is, "THEY CAN PLAY BUT THEY CANNOT GET CAUGHT cause winner take all (three times due to fraudulent inducement/RICO).

Further, medical research has established that the demands of the ADA to shore up the ADA clients/litigants suffering from disabilities are not only appropriate but also long overdue. The burden is on the court [and prisons] to reasonably accommodate they receive billions of 504 dollars for ADA reasonable accommodations. All my ADA clients have a right to dignity, respect, and a fair day in court. I discussed my concerns with Dr. Karen Huffer before she died. She coined the phrase Legal Abuse Syndrome. Dr. Huffer and I agree that no one can successfully or legally argue that those with disabilities especially a sex trafficked child, wounded warrior, raped victim, an elderly person, should be denied due process and equal protection of the law. No one can defend medically unqualified clerks, void orders, no orders, lawyers, prosecutors, judges, and sheriffs determining the accommodations needed or not needed by my ADA clients with disabilities. No one can successfully argue that the right to manage a house, and assets, live independently, determine what vaccine you get, and other fundamental rights should be denied an American with a psychic injury especially when the United States Inc CORPORATION and its Third-Party Contractors/Agencies are causing the disability WILLFULLY. When an adversary like the UNITED STATES INC Veterans Affairs Employee, GS14 Voncelle James shouts our "CRAZY" while she brings my family's confidential medical records into court with her or when the Department of Correction's Doctors send my cousin, Shaunel to her mental doctor when she complains about being magnetic vs the clinic. That is not only a crime but DISCRIMINATION. There is no evidence that a person who is diagnosed with a severe mental illness cannot successfully live effectively with proper humane support.

Although the Veterans Affairs Attorneys, Judges, Attorneys, and Prison Doctors need to consider when I ask for Reasonable Accommodation for my ADA Clients is - that symptoms of psychic injuries caused by trauma (PTSD, MST, sex trafficked, TBI, wrongfully arrested/bend over) are not addressable through the usual run solutions offered during litigation. My ADA clients with PTSD and anxiety do not fall into the line when ordered to, they cannot. My ADA Clients have silent scars that don't allow them to think off the cuff or on their feet. My ADA

*Clients [when in court] must know how to think and speak quickly and effectively after analyzing the message. Trauma/Silent Scars attacks the invisible internal connections in our **neurophysiologic and psychological** systems that make such responses impossible. **It is important that my clients understand what Neurophysiology and psychology** mean to understand their challenge in court as our adversary knows (hear Judge Williams and VA's pawn, GS14 Voncelle at an ex parte court hearing on 6 Jun 2019. In this meeting/hearing, Judge Williams explains to VA employee, Voncelle James how the victim feels when they receive a fake peace order/summons) also see: (Exhibit _____ ref: Definition of Neurophysiological and Psychological)*

Once traumatized, my ADA Client is afflicted with untimely hesitation. Their physiology is reacting to sensory information involving nerve centers in the brain located right below the cerebral cortex initiating irrelevant responses in the present moment. In fact, their concentration is distracted away from the present moment. My ADA clients either may not speak at all or speaks out uncontrollably. Their inability to "Speak LITIGATION" can be devastating to their courtroom presentation. In such circumstances, I, as an ADA CONTRACTED ADVOCATE, must be able to do my job and speak for my ADA Clients. They resist and dissociate from the very data and processes that could help them the most.

When the United States Inc Employees, Judge, the Department of Correction and etc., deny: (1) ADA reasonable Accommodation and (2) these rights, they not only violate my God-given right to protect my ADA clients but violate 18 USC 246 which states, whoever directly or indirectly deprives, attempts to deprive, or threatens to deprive any person of any employment, position, work, compensation, or other benefit provided for or made possible in whole or in part by any Act of Congress appropriating funds for work relief or relief purposes, on account of political affiliation, race, color, sex, religion, or national origin, shall be fined under this title, or imprisoned not more than one year, or both.

The Americans with Disabilities Act of 1990 (ADA), and the newest iteration of the law, the Americans with Disabilities Amendments Act of 2008 (ADAAA). The Act's long description is "An Act to establish a clear and comprehensive prohibition of discrimination on the basis of disability." Designed in part to protect litigants with special needs, this Congressional mandate was intended to ensure that all persons, regardless of any disability they may suffer, apparent or non-apparent, are granted equal

access to all areas of public and private activities. That means physical access, testimonial access, and participatory access to the court of law (Dr. Huffer, 2011)

*A key feature of the law passed by Congress provision for individuals to help and protect people with disabilities (physical and silent scars) who attempt to assert their rights under the ADA. **The “advocates” envisioned by Congress and written into the law can work in any reasonable capacity in support of a person with disabilities.** This is especially important in litigation where advocates are often the very key to equal access and protection under the law through effectively seeking and affecting courtroom accommodations of various sorts (Dr. Huffer, 2011).*

*The UNITED STATES INC CORPORATION in Tennessee vs Lance, et al., 541 US. 209 (2004) pointed out that Congress Constitutionally abrogated the State’s Eleventh Amendment immunity, making suits for damages available to individuals who proceed under Title II of the ADA which **claims violations of Due Process of the Law.** This means that if judges do not adhere to the ADA they lose their immunity from being sued. The Lane Court found that “the United States Inc Corporation aka CONGRESS” enacted Title II of the ADA Act against a backdrop of pervasive unequal treatment of persons with disabilities in the administration of state services and programs, including systematic deprivation of fundamental GOD GIVEN NATURAL HUMAN RIGHTS. Specifically, Title II seeks to enforce a variety of basic UNITED STATE INC Corporation guarantees for all Americans, including the right of access to the court, “infringements of which are subject to heightened judicial scrutiny.” The court found that all courts have a duty to accommodate that is perfectly consistent with the well-established DUE PROCESS PRINCIPLE that a state must afford to all individuals with disabilities. The UNITED STATE INC CORPORATION’s Supreme court concluded in Lane, “TITLE II, as it applies to the class of cases implicating the fundamental right of access to the courts, constitutes a valid exercise of Congress’s authority to enforce the guarantees of the Fourteenth Amendment to the UNITED STATES INC CORPORATION’S Constitution.*

According to Dr. Karen Huffer (2011), the role of the ADA Advocate is essential if the United States Inc mandate ref: ADA is to be honored. My ADA advocates are entitled to reasonable accommodations the same as if they had obvious physical impairment (e.g. needed a wheelchair).

If people with disabilities are not accepted and accommodated in litigation, they can become locked into a negative cycle of victimization that they often then unconsciously extend to everybody around them, including friends, family employer, coworker, neighbors, and advocates who try to engage with them for the sole purpose of conflict resolution. Having lost their ability to sense which individuals are trustworthy in their lives, it is as if their "trust-sense" memory is so greatly impaired as to no longer function. In our case, according to Tara Jones, VA Attorney who worked in building 810, the United States Inc CORPORATION hires hit men, trolls, and throw-aways (subornation of perjury) to run victims and their children off the road until they are dead (Exhibit_____).

Neuro-imaging studies of PTSD also help to clarify the underlying neurobiological changes that cause these kinds of complications for those with litigation-related stress disorders during litigation. "You aren't crazy: You are coping" explains trauma expert va der Kolk (2006). And, while you struggle to cope, your opponent proceeds to: (a) use the courts, (b) steal ADA funds, (c) steal American tax dollars, (d) take your assets, (e) waste your resources, (f) and or (g) obtain custody of the kids, (h) fill their for-profit prisons, and obtain free labor/bodies for illegal experiment with the goal of transhumanism, (i) dominate and (j) continue to abuse the family and legal system right under the American people nose as the judge works for the BAR aka the UNITED STATES INC FOREIGN CORPORATION.

Without ADA Advocates in America and intervention, such traumatic development can cause damage to litigants/my ADA Clients to engage in greater conflict again. They are resigned to live from an almost pugilistic strand point, fists clenched, suffering from increased stress symptoms in a circular pattern of ever-widening dysfunction. What hurts them, hurts everyone in the family. Hence the reason everyone in the family has the standing to sue the perpetrators in their individual and official capacity under the ZONE OF INTEREST. Victims must also sue the Principal contractor as everyone has a DUNS and Bradstreet number. The harasser/abuser grabs the moment and is able to claim to all around him/her, "I told you she/he was crazy" and the distorted perception from the victim's "punch-drunk" status would make it appear so. But, the appearance of craziness was preventable, and preventing it is the focus of the ADA Advocate's job.

16. A foreclosure by a summary judgment (non-jury) without a commercial bond is a violation of commercial law.

17. Governments, Judges, Attorneys and etc., cannot make unbounded rulings or statutes which control commerce, free-enterprise citizens, or sole proprietorships without suspending commerce by a general declaration of martial law.

18. It is tax fraud to use Courts to settle a dispute/controversy that could be settled peacefully, outside or without the Court.

Note: Our initial case started in Washington DC at the United States Inc/CORPORATION Veteran's Affairs building, 1800 G Street NW. The main corporate contractors/Principals are the Pope, the Queen, and the Lord Mayor of London. It is my understanding that nobody has approved and does not have contracts with any of the new Municipal Corporations and/or Territorial Corporations that are seeking to create contracts by Assumption of Contract in Succession (See Exhibit 1, Justice Anna Riezinger, Fiduciary, The United States of America, INC Corporation).

Also, note #24 of Justice Anna's Affidavit which states the UNTIED STATES INC Corporation, Legislation which has imposed upon the Natural and Unalienable Rights of individuals and those rights and prerogatives guaranteed by the UNITED STATES INC Constitutions will similarly be rooted out, set aside, and nullified which means to render or declare legally void or inoperative resulting in the release of many prisoners who have been victims of the state-of state, Territorial, and Municipal Prisons-for-Profit schemes. This is significant to note because of my ADA clients in the WA States Women's facility and Eileen Eddleman. For example, my cousin, Shaunel Burt is a victim of sex trafficking from WA State to Guam. At her trial, the corporate Judge own by the BAR Association/ROTHSCHILDS (See Exhibit 2, Clearfield Doctrine), the Judge, and the Prosecutor joined together and DID NOT ESTABLISH SUBJECT MATTER JURISDICTION/SUFFICIENCY of pleading as they WILLFULLY played Shaunel and her mother, Eileen Yockman – Eddleman *[just like how the Judges and prosecutors in Hillsborough/Tampa Florida are playing Bradley Bolden and Spencer on 12 Jan 2023 in fake Kangaroo Court see: <https://www.bitchute.com/video/tqFBaA1BkCPI/>*

19. **An official (officer of the court, policeman, etc.)** must demonstrate that he/she is individually bonded in order to use a summary process. Had the Courts not violated the ADA Act against me on 12 Jan 2023, I would have demanded that they provided their credentials on 12 Jan 2023. However, I am demanding every defendant show their credentials and bonds now under the United States Inc's Executive Order 13164, Titles II and III of the 1990 ADA Act which means these for pro profit and third-party contractors/corporations cannot continue to steal ADA funds from Americans and deny ADA rights See Tennessee vs Lane which states (1) NOBODY involved in this

fraud nonsense gets immunity and (2) Any man-made law that conflicts GOD's give natural law can be changed on the spot so it allows all Americans, Native Hawaiians, Indigenous living breathing humans beings to receive (1) justice, equal protection of the law, (2) due process and (3) to improve the world.

20. An official (Judge, Prosecutor, Officer) who impairs, debauches [to corrupt morally], voids, or abridges an obligation of contract or the effect of a commercial lien without proper cause, becomes a lien debtor. ***A Lien debtor means a person (corrupt Judge, Corrupt Attorneys, etc.) who is obligated or owes payment or other performance.*** *If the lien debtor and the owner of the collateral are not the same people, "lien debtor" means the owner of the collateral. For the purposes of the handler's lien provided by RCW 60.11.* Again, an official (Judge, Prosecutor, Officer) who impairs, debauches [to corrupt morally], voids, or abridges an obligation of contract or the effect of a commercial lien **without proper cause**, becomes a lien debtor and his/her property becomes forfeited as the pledge to secure the lien. Pound breach (breach of impoundment) and rescue is a felony(ies).

21. It is against the law for a Judge to summarily [remove without the customary formalities] dismiss, dissolve, or dismissed a Commercial Lien. **Only the Lien Claimant** (Lien claimant means a person claiming an interest in the real property who offers a document for recording or filing with **any county recorder** in the state asserting a lien, or notice of interest, or another claim of interest in certain real property) **or a Jury can dissolve a commercial lean.**

22. Notice to agent is a notice to the principal (UNITED STATES INC); Notice to principal is a notice to agent. This means Judge Amy B. Jackson cannot contact my ADA client, Nicky Senn, through the mail with a void document in violation of 18 USC 1341 on or about 19 May 2023 (See Attached).

23. PUBLIC HAZARD BONDING OR CORPORATE AGENT. All officials are required by Federal, State, and Municipal Law to provide the **name, address, and telephone number of the bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.**

Failure to provide this information constitutes corporate and limited liability insurance fraud (15 USC). It is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

Neurophysiology a branch of physiology and neuroscience

Neurophysiology a branch of physiology and neuroscience that studies nervous system function rather than nervous system architecture.^[1] This area aids in the diagnosis and monitoring of neurological diseases. Historically, it has been dominated by electrophysiology—the electrical recording of neural activity ranging from the molar (the electroencephalogram, EEG) to the cellular (intracellular recording of the properties of single neurons), such as patch clamp, voltage clamp, extracellular single-unit recording and recording of local field potentials. However, since the neurone is an electrochemical machine, it is difficult to isolate electrical events from the metabolic and molecular processes that cause them. Thus, neurophysiologists currently utilise tools from chemistry (calcium imaging), physics (functional magnetic resonance imaging, fMRI), and molecular biology (site directed mutations) to examine brain activity.^[2]

The word originates from the Greek word νεῦρον meaning "nerve" and physiology meaning knowledge about the function of living systems (φύσις meaning "nature" and -λογία meaning "knowledge").

Psychology is the scientific study of mind and behavior. Psychology includes the study of conscious and unconscious phenomena, including feelings and thoughts. It is an academic discipline of immense scope, crossing the boundaries between the natural and social sciences. Psychologists seek an understanding of the emergent properties of brains, linking the discipline to neuroscience. As social scientists, psychologists aim to understand the behavior of individuals and groups.^{[1][2]} Ψ (psi), the first letter of the Greek word *psyche* from which the term psychology is derived (see below), is commonly associated with the science.

The ADA Protects People with Disabilities

A person with a disability is someone who:

- has a physical or mental impairment that substantially limits one or more major life activities,
- has a history or record of such an impairment (such as cancer that is in remission), or
- is perceived by others as having such an impairment (such as a person who has scars from a severe burn)

If a person falls into any of these categories, the ADA protects them. Because the ADA is a law, and not a benefit(s) program, you do not need to apply for coverage.

The ADA Prohibits Disability Discrimination in Many Areas of Life

the ADA sets out requirements that apply to many of the situations you encounter in everyday life. This is to prevent discrimination against people with disabilities.

Employers, state and local governments, businesses that are open to the public, commercial facilities, transportation providers, and telecommunication companies all have to follow the requirements of the ADA.

The ADA prohibits discrimination based on disability.

The ADA is broken up into five different sections, which are called titles. Different titles set out the requirements for different kinds of organizations.

For example, Title I of the ADA covers requirements for employers. Title II covers requirements for state and local governments. You can find the relevant title of the ADA noted next to each type of organization below.

Employment: Section of the ADA: Title I

**AMERICAN BAR ASSOCIATION & INTERNATIONAL BAR ASSOCIATION/Hawaiian

(This is a verified plain statement of fact) Supplement to 24 Feb 2024 Lien

This applies to: employers that have 15 or more employees, including state/local governments, employment agencies, and labor unions.

The ADA includes specific requirements for employers to ensure that people with disabilities have equal access to employment. This includes things like recruitment, hiring, promotions, training, pay, and social activities.

State and local governments: Section of the ADA: Title II, Subtitle A

Applies to: All services, programs, and activities of state and local governments such as public education, health care, voting, etc.

Businesses open to the public: Section of the ADA: Title III

Applies to: Businesses and nonprofits serving the public. Examples of businesses and nonprofits include restaurants, hotels, retail stores, etc.

People with disabilities struggle with physical barriers to access on a daily basis. The Americans with Disabilities Act or ADA protects the rights of these individuals to have safe access to public spaces. The consequences of an ADA violation to businesses that do not provide accommodations as the law requires can be severe.

Understanding the consequences will help you avoid ADA penalties for noncompliance. It will protect your business reputation while providing the safe and easy access your customers and visitors deserve.

Who Can Sue Under the ADA?

Anyone who has been discriminated against because of a disability can sue under the ADA. This includes employees, job applicants, former employees, current employees, and anyone else who has experienced discrimination based on a disability.

What Are the Penalties for ADA Violations?

If an employer violates the ADA, the employee can file a lawsuit and seek damages. Damages can include back pay, lost wages, compensatory damages, punitive damages, attorney fees, and other costs associated with the violation.

ADA Fines for Noncompliance

Federal law allows fines of up to \$75,000 for the first violation and \$150,000 for additional ADA violations. States and local governments may allow additional fines.

They may require businesses to meet a higher standard of accessibility than the ADA requires.

With these direct penalties looming, it makes sense to invest in ADA-compliant websites and digital content.

Lawsuits involving people with disabilities.

The ADA states, "No individual shall be discriminated against on the basis of disability in the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation by any person who owns, leases (or leases to), or operates a place of public accommodation."

Many courts have shifted to include websites as places of "public accommodation".

Government agencies, municipalities, health care facilities, and small businesses that do not provide adequate "public accommodation" leave themselves open to lawsuits, personal injury claims, and legal or civil penalties should a disabled visitor be injured in a noncompliant space.

The only way to avoid the negative outcomes is to maintain the compliance of your site.

Damage to Your Business Reputation

Perhaps the most financially damaging consequence of non-compliance is the damage to the image of your business or brand. Providing equal access to disabled persons shows that the ethics of your business are of the highest level.

What Are Some Examples of ADA Violations?

There are several examples of violations of the ADA. One common example is when a business does not make its facilities accessible to people with disabilities.

Another example is when a business provides services to customers who do not meet certain requirements. A third example is when a business fails to provide reasonable accommodations for employees with disabilities.

- **Minnesota Department of Corrections:** On September 30, 2022, the DOJ issued a Letter of Findings against the Department. The letter found that the state prison system discriminated against incarcerated individuals under Title II of the ADA. The system failed to provide incarcerated individuals with disabilities with necessary reasonable modifications during GED courses and practice tests.

- **Hy-Vee, Inc:** On December 1, 2021, the United States executed a settlement agreement with the online retailer. The agreement was about the accessibility of its vaccine website under Title III of the ADA. The agreement will ensure that people with disabilities can get information about COVID-19 vaccinations and book their vaccination appointments online.
- **Board of Election Commissioners for the City of St Louis:** On January 12, 2021, the DOJ reached a settlement with the Board under the Title of ADA. It stated that the polling places are inaccessible during elections to individuals with mobility and vision impairments.

ADA remedies/ Employment

- **Back pay:** Back pay (lost wages) means income that you would have already earned if your employer had not discriminated against you, minus any income that you earned after that time (such as by getting another job).
 - You need to “mitigate” your damages by trying to find another job – be prepared to explain how you have done this. See our fact sheet on [How to Mitigate your Damages](#).
 - Bonuses, commissions, tips, raises, and benefits can also be part of back pay.
 - You may also be awarded additional money as interest to pay you for the added tax burden caused by the delay in receiving your back pay.
- **Front pay:** Front pay means the income that you would have earned in the future had you not been discriminated against. Front pay is awarded if your employer cannot give you your job back.
- **Compensatory damages:** Compensatory damages is money for your emotional distress, medical expenses, pain and suffering, or other injuries not related to your income.
 - You must prove that you suffered these harms, such as through your own testimony, witnesses who know you, or experts such as doctors or therapists.
- **Punitive damages:** Punitive damages are awarded to “punish” your employer.
 - The court will only order punitive damages if you can show that your employer violated your rights intentionally or recklessly.
- **Limits on compensatory and punitive damages:** The ADA limits the awards that you get for compensatory and punitive damages, even if you win your case. The limits are based on the size of your employer. Below, you’ll find a chart with

these limits. These limits do not apply to other monetary relief, such as back pay, front pay, attorneys' fees or costs. Other laws, such as the Rehabilitation Act and the Illinois Human Rights Act, do not have limits.

Hello Cindy.

Sue Bozgoz here. I am going over the Transmittal of Investigative file and came across your name ref. you investigating my husband's file which I believe is a shadow case. At any rate,

Can help me understand why are requested my husband's and his family's information?

I ask because my husband and I have met conflict of interest and retaliation at every corner from VA (e.g the informal, formal and third party).

Can you tell me what you are doing with our information? Are you using it against us vs trying to find out what the real issue is here?

By now your investigation should have discovered that VA is the issue and retaliation is the game

Doctors are protecting Robert from VA.

Once you discover the facts (after I update the files transmitted last week), you may want to investigate VA, Voncelle James, Angela Kendrix and etc and have them help you and the public understand why VA is wasting tax dollars as we have proof that everyone is in this game together as far as I can tell.

Just ask for the information, its all out there. Nothing is topic secret to include VA culture of retaliation, show government, and etc.

d. What was the nature of their involvement? Be specific and provide supporting documentation.

I emailed the complainant as the subject of the fact findings investigation, as indicated to me by Angela Kendrix, Deputy Director of VBA Office of Client Relations. Sue Bozgoz, the complainant's wife, responded to my email sent to the complainant on January 25, 2018, as the complainant's ADA representative.

e. Did Melvin Gerrets inform the Complainant that there would be a fact-finding conducted regarding the January 11 - 12, 2018 incident when Complainant allegedly refused to speak with Vonelle James without his ADA representative being in attendance on January 24, 2018? If so, why? If not, please explain what occurred.

No. I informed the complainant via email on January 25, 2018 that the complainant was the subject of a fact findings investigation. I informed the complainant that the fact findings investigation was concerning an alleged incident that occurred at the Veterans Benefits Administration Office of Client Relations on Friday, January 12, 2018. I did so in order to conduct my fact findings investigation, which was being conducted at the request of Angela Kendrix, Deputy Director of VBA Office of Client Relations.

Mrs. Kendrix and Mrs. James,
As you know I, LTC (R) M. Sue Bozgoz (under ADA, ADAAA, Title II and Title III) am an advocate for Wounded Warriors to include my husband, Robert Bozgoz.

Out of respect to you, I need to tell you that we started an EEO complaint on reoccurring Harrassment and Discrimination.

Because there is pattern (2016-2018), I strongly believe the Harrassment will not stop until we take this issue seriously. Therefore, I have CC'd General Dunford, Joint Chief of Staff as I know he is interested in what is happening to his veterans and soldiers.

I have also started the process with EEO and your HR POC. Again, I want to be part of a solution not the problem.

Brief Description of Claim:
 Robert Bogzo, aggrieved person (AP), alleged he was subjected to harassment/hostile work environment (HWE) as evidenced by the following events:

1. Time and Attendance - On November 27, 2017, Vencelle James (VJ), Lead Management Analyst, denied the AP's leave.
2. Pay and Allowances - Overtime Pay - On January 11, 2018, VJ denied the AP's overtime request.
3. Disciplinary Action - Reprimand - On January 31, 2018, VJ issued the AP a reprimand.

Resolution Sought:

1. Reprimand rescinded; and
2. Closure of harassment.

Management's Response:

VJ provided the following response:

1. The AP's leave was originally approved by his former supervisor, Angela Kendrick. VJ initially rescinded the AP's leave approval and after inquiry about the leave request and then approved it.
2. Overtime was originally approved for January 14, 2018, but due to a Coordinated Initial in the Office of Field Operations (OFO), all overtime was cancelled. OFO stated that overtime would be offered for January 15, 2018. The office computer systems had been having issues over the past week and if overtime were approved and the system was down, all employees approved for overtime would have to be paid for two hours. AP's management decided in the best interest of the agency that no overtime would be approved for January 15, 2018.
3. AP's reprimand was issued for transmitting official agency correspondence, containing employees names and email addresses, to non-government email addresses on four

The American Republic must Drain this Swamp

Rogue Agents of the Central Intelligence Agency (C.I.A.) [now we know are Babylonian Radhanite pagan merchant-bankers who hide behind Judaism and organized within the British Pilgrims Society in The City of London] promote a globalist agenda for a corporate-run "new world order" technocracy. These evil people only pretend to care while they demean "deplorables," line their pockets & laugh at the U.S. Constitution.

Almost nobody would realize that all these people, in some way or another, are working for a secret rogue C.I.A. Hard evidence of the conspiracy among these persons and organizations is available on the Crimeline. This is a *prayer list* for their repentance, whistleblowing, and to turn from their wicked ways.

Judge Amy Berman Jackson asserted in Feb. 2019 that a heavily cropped version of her corruptocrat photo (First Amendment **OPINION** about a public official!) where the "corruption" text had been cropped out, as had the yellow toxic hazardous waste image, was unambiguously a rifle cross hair in her interpretation. The context of the image had been so heavily cropped that it looked suspiciously like someone had been paid to butcher it to fit her bogus narrative. Even so, her interpretation of the butchered version shows not only her woeful ignorance of theology, history, symbology and engineering, but also her self-serving violation of the Code of Conduct for U.S. Judges requiring her refusal for *bias*—not even counting her *financial partiality* to investment in scores of Clinton Foundation donors. The background logo could be many things, but she clearly *wanted* to see only a rifle sight (perhaps the victims of her Fast and Furious gun running fiasco with Eric Holder weigh heavily on her soul). Others assert equally ignorantly that the Cross is a pagan or white supremacist symbol.

THE JOINT CHIEFS OF STAFF
WASHINGTON, DC 20318

MEMORANDUM FOR THE JOINT FORCE
SUBJECT: MESSAGE TO THE JOINT FORCE

The American people have trusted the Armed Forces of the United States to protect them and our Constitution for almost 250 years. As we have done throughout our history, the U.S. military will obey lawful orders from civilian leadership, support civil authorities to protect lives and property, ensure public safety in accordance with the law, and remain fully committed to protecting and defending the Constitution of the United States against all enemies, foreign and domestic.

The violent riot in Washington, D.C. on January 6, 2021 was a direct assault on the U.S. Congress, the Capitol building, and our Constitutional process. We mourn the deaths of the two Capitol policemen and others connected to these unprecedented events.

We witnessed actions inside the Capitol building that were inconsistent with the rule of law. The rights of freedom of speech and assembly do not give anyone the right to resort to violence, sedition and insurrection.

As Service Members, we must embody the values and ideals of the Nation. We support and defend the Constitution. Any act to disrupt the Constitutional process is not only against our traditions, values, and faith; it is against the law.

On January 20, 2021, in accordance with the Constitution, confirmed by the states and the courts, and certified by Congress, President-elect Biden will be inaugurated and will become our 46th Commander in Chief.

To our men and women deployed and at home, safeguarding our country—stay ready, keep your eyes on the horizon, and remain focused on the mission. We honor your continued service in defense of every American.

Update on Petition for Writ of Quo Warranto
Formal Request for Investigation and Criminal Prosecution
The Matter of James and Jimmy Ryan

for Damage, Injury or Death, contact with a United States Senator, Ben Cardin for Maryland, and the United States Department of Defense. In preparation of the Japanese Prime Minister's visit with President Joe Biden on April 16, 2021, I sent letters to the Japanese Ambassador to the United States, the Secretaries of the Treasury, State, and the United States Attorney General. As of 08/04, I have not received an update while Jimmy Ryan is at risk of dying.

You may ask, why we are now asking for international criminal proceedings after trying to secure damages relief through the Courts, Administrative Processes, and diplomatic channels? The fact is that Jimmy was criminally assaulted by members of the Japanese government while the United States, Inc watched and Pay the PAY TO PLAY fee. To make matters worse, James Ryan was threatened with death, but his pleas of deaf ears. If these methods had provided any type of relief, then we would not be asking criminal prosecution by the International Criminal Court, however because all courts for any type of relief about criminal or civil have been spurned continuously by all those whom Mr. Ryan and I have contacted.

I would like to provide you some background on myself. I am a retired Lieutenant Colonel of the United States Army. I am an American who now (thanks to Justice Anna, understands the games the United States, Inc plays on Americans). I became involved in advocacy originally for Veterans of the United States military services. I then had to branch into Americans with Disabilities Act advocacy after my husband's employer, the United States Department of Veterans Affairs discriminated against him in 2016 and 2018.

You may contact me by telephone at 011 410 868 0497. My email address is Margaret.Bogert@comcast.net.

Sir, I would gladly talk to you if you send me an affidavit stating you are not part of the United States Inc which we both know is a corrupt corporate business designed to harm Americans. I also need you to provide me a status of Hawaii. More specifically, I want to know why the military is still taking orders from the Queen (Crow) and why everyone is operating off the hope's road doctrine of discovery when we all know it's void as hell. 3553 Bert Court Unit A
Fort George G. Meade, MD 20715

Dear Margaret Sue Boagge:

I read with dismay the details of the incarceration and mistreatment of one of our own. I regret to say that Jimmy is not alone.

I am returning a week's copy of the Public International Notice - Notice to Vacate.

It should be sufficient to explain the situation and the duty of the Municipal and Territorial Officers like Jimmy in the victim of a double-ended imprisonment scheme and its owed all support and assistance.

Yours truly and with best wishes,
Anna Maria Rodriguez, Treasurer
Anna Maria Rodriguez, Treasurer
The United States of America

P.S. No commercial COURT can hear the issues you are presenting. No address the District Court for the District of Columbia.

Public International Notice - Notice to Vacate

1. The commercial organizations that have been hired by the British Government(s) and the Holy See to provide governmental services espoused under the three (3) Federal Constitutions have been laminated in hierarchy, our contracts are not with those subcontractors, but their culpability and bad performance does impact us, and we do have cause to manage our own affairs and to make decisions with respect to the new service providers.
2. Our actual contracts are with the Principals- the Pope, the Queen, and the Lord Mayor of London. We have not approved and do not have contracts with any of the nine Municipal Corporations and/or Territorial Corporations which are seeking to create contracts by Assumption of Contract in Succession.
3. We have specifically provided Notice to the other Principals and have denied any assumption of succession by the Biden Administration for Cause. Mr. Biden is a self-admitted influence peddler and crook, there is, therefore, no controversy. He admits the number of our Municipal Employees and Dependents who may or may not have voted for Mr. Biden is a moot issue. This decision not to hire the Biden Administration and not to allow it to receive our credit is a business decision, made by itself, Depoies, and it may not be presumed against.
4. We are the Employers and the Presumed Deacons of the Public Trusts, as Donors we have informed and demanded the liquidation of the Public Trusts and the return of the Assets, unharmed and unencumbered. This includes all State Trust and Central Que Vie Trust Assets, all gold and silver assets plus and devalued offshore, domestic and overseas investments, and all credit owed to the American States and Peoples. We have provided the means to accomplish the removal of the artificial trust structures that have been imposed under False Legal Presumptions and have allowed for a safe and gradual transition to State Assembly control.

Public International Notice

People need to understand that all these governmental services corporations that have been masquerading as governments are being bankrupted. And then, they are turning around and trying to be "reborn" under new names and purportedly new management, but it's really the same old players.

That is the reason Joe Biden doesn't have a contract and is never likely to get one. The Old Gang in Washington was a criminal for-profit commercial enterprise masquerading as a government; we won't accept their service anymore, and it doesn't make any difference to us that our Employees kept electing the same Old Gang of their compatriots to private corporate offices.

Using our situation as an example --- the Holy See is still required to provide the services stipulated by The Constitution of the United States, but we don't have to accept the services of any Municipal Corporation, especially not one that is owned and operated and managed by the same group of thieves as the last bankrupted entity.

There have been literally millions of bankruptcies taking place, because when one of these big parent corporations goes, it takes its franchisees with it.

One of the first bankruptcies in this current cycle was the Bank of England; they circled their desks, because being one of the Prime Perpetrators, they knew what was coming. This is where I earned my nickname in 2008--- which isn't fit for polite company, but still gives me some satisfaction.

Each one of these parent corporations has anywhere from dozens to millions of franchisees, and the franchisees can either be entire organizations or individuals.

I can hear people from Beirut to Bangkok saying, "Millions of franchisees? That's not even possible!" --- but it is, when you consider that virtually everyone on the planet with the exception of a few tribesmen in places like Siberia and North Africa and Lapland-- have been "registered" and "enfranchised" by these Vermin.

Still unknown to most people, we have been given the "gift" of our very own Trojan Horse PUBLIC PERSON franchise in purportedly "equitable exchange" for our life estate, which includes our bodies, our public and private assets, and our energy (labor) ---all supposedly "donated" to these private, for-profit commercial governmental services corporations.

That's how these THINGS have been financing their operations and becoming immensely wealthy by buying, selling, and trading upon assets that don't belong to them.

So, yes, Virginia, we are talking about bankrupting millions of franchisees, and in the cases of China and India, we are talking about billions of franchisees.

* The USA CORP was bankrupted, too, and settled 7 January 2021, along with the UNITED STATES of AMERICA, Ltd. which finished 19 January 2021.

The Republic of The United States of America was the sole beneficiary--- however --- wait for it --- that isn't our Federal Republic.

It's another British Territorial look-alike, sound-alike. Another Cuckoo-bird, set up by American Tories and scions of the Pilgrim Society and operated offshore by another quasi-military cult with ties to the Roman Catholic Church.

Once again, they are seeking to conquer by guile what they cannot take by force of arms, trying to slip in and substitute a British entity for an American government.

But there are several flaws with this plan.

Number One --- we recognize it for what it is.

The FACTS: The FRAUD that has happened to EVERY American

A REPORT TO THE WORLD FROM JUDGE ANNA VON REITZ

The UN Corporation doing business as the IMF doing business as the UNITED STATES doing business as the STATE OF ALASKA,

The Federal Reserve doing business as the Federal Reserve System doing business as the United States of America, Incorporated, doing business as the State of Alaska,

The FEDERAL RESERVE doing business as THE UNITED STATES OF AMERICA (INC.) doing business as ALASKA.....

The District of Columbia Municipal Corporation, the WASHINGTON DC MUNICIPALITY, the U.S.A. (Inc.), the U.S. Corp, The United States of America (Inc.), E Pluribus Unum the United States of America (Inc.).....

Do you realize that roughly 80% of what Americans have paid to support the poor and disabled in this country---- public assistance, aid for orphans, the unemployed, the mentally ill, people with chronic diseases, the elderly, paralyzed veterans---- has been siphoned off by these above-named corporate vermin, their parent corporations, subsidiaries, agencies and affiliates?

We paid for all these programs with the intention of taking care of everyone and, instead, these criminals have been like rats in a grain storage silo, putting out just enough to give a storefront appearance that these programs were real and helping people while secretly embezzling from the poorest and most vulnerable Americans.

Dear Ms. Bourque:

The above-entitled petition for a writ of certiorari was filed on January 29, 2021 and received February 4, 2021. The papers are reviewed for the following reasons:

The petition is out-of-time. The date of the court's certiorari order denying a writ of certiorari for rehearing was January 29, 2021. Therefore, the petition was due to be filed before January 25, 2021. Rules 11.1, 28.2 and 307 (petitioners have to file a petition for a writ of certiorari in a civil case (unless action included) has explicit time limits) suggest that the power to review the petition.
